

## Bus &amp; Coach Buyer ■ April 2011

## INIT in Denver

INIT has recently been awarded a major contract by the Regional Transportation District (RTD) of Denver in the US to supply a fully integrated Computer-Aided Dispatch/Automatic Vehicle Location (CAD/AVL) System

with passenger information displays (PIDmobil), on-board announcements (PAmobil) and Mobile Data Terminals (TOUCHmon). The technology will be rolled out on around 1,000 buses.

Visit [www.init.co.uk](http://www.init.co.uk) for more information on INIT's range of products.
